

Digital Endoscopy GmbH is the German R&D innovation centre for PENTAX Medical, daughter of HOYA Corporation. With a focus on medical solutions, our highly qualified team members work on the conceptualization and implementation of innovative technologies; with an emphasis on digital endoscopes employing the latest CMSO-camera technologies.

You are just one step away from being a part of our highly motivated and qualified team!

We are looking for:

Initiative Application (m/w/d)

We Are looking for you!

You haven't found the right position at our Career Website?
Feel free to send us your initiative application!

We are always looking for new creative team members. Tell us why YOU should be our new team member! In which position do you see yourself and which competences and skills enable you for this position?

We look forward to receiving your application.

Applicants with validated handicap and adequate qualifications will be preferred.

We hope that you may join our team and work with us on defining the future of endoscopic technologies.

We offer

- Passionate, innovative, and creative teamwork
- Flat hierarchies, quick making decision processes, and an international environment
- Growth through independent and challenging tasks
- Attractive compensation, permanent employment, and flexible working hours
